

As trusted federal advisors, GoldenWolf delivers comprehensive facility and construction solutions that drive performance and maximize portfolio value.

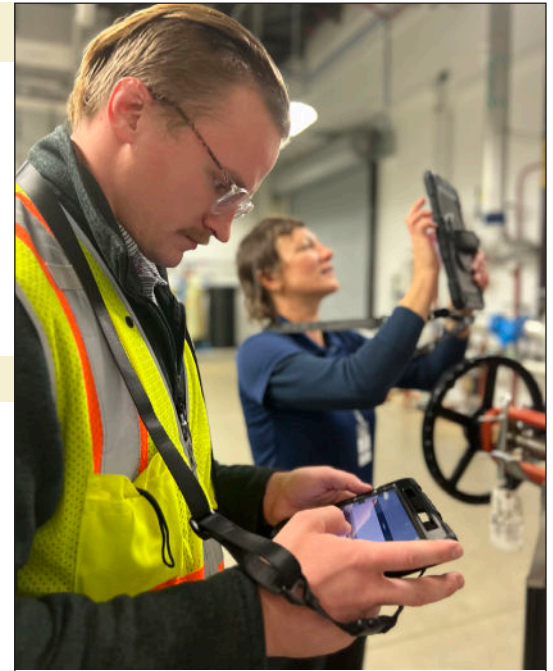

- Service-Disabled Veteran-Owned Small Business (SDVOSB)
- Woman-Owned Small Business (WOSB)
- ISO 9001:2015 Certified
- CMMC Level 2.0 Certified

WHY GOLDENWOLF?

GoldenWolf provides data-driven facility management solutions that enable federal agencies to make informed decisions. Our advanced analytics transform complex data into actionable insights, optimizing operations. Through strategic portfolio management and facility condition assessments, we enhance the value of federal infrastructure while ensuring regulatory compliance. With cutting-edge technology and proven methodologies, GoldenWolf positions clients for long-term success in managing critical assets.

Key Differentiators

1. Exclusive partnership with USACE CERL through CRADA agreement to advance DoD-mandated facility management systems, positioning us at the forefront of federal asset management technology innovation.
2. Proven expertise in managing complex medical facilities worldwide, including military hospitals, healthcare centers, and Veterans Health Administration facilities that demand 24/7 critical environment maintenance.
3. Advanced data visualization and analytics capabilities that transform complex facility data into actionable insights, enabling strategic decision-making for portfolio management across federal agencies.
4. Comprehensive database management experience across multiple federal systems, including BUILDER SMS, ESMS, and custom solutions that integrate and optimize facility performance data.
5. Specialized knowledge in managing complex military installations with restricted access, including mission-critical infrastructure, research laboratories, and specialized military installations both CONUS and OCONUS.

Demonstrated Impact

- Delivered facility condition assessments for over 260 million square feet of complex global installations
- Supporting critical medical facilities worldwide (CONUS/OCONUS)
- Serving multiple defense commands — DHA, MEDCOM, BUMED, IMCOM, MCICOM, AFCEC
- Partnering with major USACE districts (Huntsville, Mobile, Portland, Louisville)
- Database Management and Data Visualization
- Research Leadership through CRADA

LINES OF SERVICE/CORE COMPETENCIES
